November 11, 1939.

Mr. A. S. Manley
Newark Eagles
101 Montgomery Street
Newark, New Jersey.

Dear Mr. Manley:-

Mr. MacPhail received your letter of November 7th just as he was leaving on a hunting trip and asked me to get in touch with you regarding this matter. Since our last conversation we have given considerable thought to your proposition and it is possible we will be able to work something out for the coming season.

I wish you would write up some sort of prospectus or outline giving full details regarding the make-up of the League, the status of the Cuban Stars Club, financially and in playing strength; also an idea of what Clubs could be scheduled at Ebbets Field.

Although at present there is a rule in the National League against using the lights except for a regular National League game, we might be able to have this rule modified if we could be convinced that it would be worth out while.

I would like for you to prepare as much information as you can and then telephone me so that we can arrange a conference sometime the latter part of next week.

Yours very truly,

John A. McDonald
